Flexible Battery Kits for Easy Battery Bank Assembly

When assembling a large number of batteries, cutting, lugging battery links to the proper sizes is a time consuming job that may substantially slow-down deployment. E24 offer pre-assembled kits of battery links to fit different applications.

Battery Links

E24 offers battery links pre-assembled in kits to suit installations in various DC voltages. Each Kit is designed for 1 series of batteries and includes the link to connect in parallel with another series. All Battery link kits include DC fuses.

Features:

- High current cables
- Anti -Corrosion lugs
- All lugs connection with cables are covered.
- DC fuses are supplied with their chassis
- Comply to IEC 60502-1, IEC 60228, BS EN 50363
